

出版年月	著作類別	著作名稱	作者	收錄出處
2019-03	研討會論文	Function study of a grass-specific OsNACgs9 transcription factor in leaf and flower development.	Yu-Han Lin, Chih-Yung, Chi, Nobutaka Mitsuda, Ruey-hua Lee	
2018-08	研討會論文	Identification of heat stress tolerant (HST) genes in tomato	Pin-Jie Lu, Tung Chiang, Roland Schafleitner, Yao-Cheng Lin, Ruey-Hua Lee	
2018-08	研討會論文	Transcription regulation of PAP-fibrillin genes in Arabidopsis	Yu-Wen Lee, Truong Thi Tu Trinh, Chuan-Ming Yeh, Ruey-Hua Lee	
2017-07	研討會論文	Metagenomic Analyses of Herpotrichiellaceous fungi in diverse mycobiomes inhabiting in myco-heterotrophic Gastrodia.	Lee RH, Lu YC, Chang ET and Lin ST	
2015-11	研討會論文	Metagenomic Analyses reveal herpotrichiellaceous core in diverse mycobiomes inhabiting in myco-heterotrophic Gastrodia.	Yea-fen Chan, Chih-yung Chi, Yo-chin Lu, En-Tse Chang ¹ , and Ruey-Hua Lee*	
2015-07	研討會論文	Comparative metagenomics of mature rhizome-associated	Yo-chin Lu, Shang-Ting Lin, Tzen-Yuh Chiang, En-Tse Chang, Chao-Li Huang	

		fungal communities in different Gastrodia spp.	and Ruey-Hua Lee 2015.	
2014-12	研討會論文	Dissecting the regulatory network of PAP/fibrillin genes involved in thylakoid membrane degradation during leaf senescence in Arabidopsis.	Truong Thi Tu Trinh, Khac Ky Lam, Ming-yi Huang, Irene Lin, Ruey-Hua Lee	
2014-12	研討會論文	Study fungal communities in rhizomes of four Gastrodia sp. by comparative metagenomics.	Yo-chin Lu, Shang-Ting Lin, En-Tse Chang, Ming-yi Huang, Irene Lin, Yi-min Chen and Ruey-Hua Lee	
2014-10	研討會論文	Deciphering the rhizome associated microbiomes: study the fungal communities in Gastrodia sp.	Yo-chin Lu, Shang-Ting Lin, Ming-yi Huang, Irene Lin, En-Tse Chang, Yi-min Chen and Ruey-Hua Lee	
2013-12	研討會論文	Deciphering the rhizome associated microbiomes: study the fungal communities in Gastrodia sp.	En-Tse Chang and Ruey-Hua Lee	
2013-10	研討會論文	Fungal biodiversity in endangered Gastrodia orchids	Ruey-Hua Lee, Yi-ming Chen and En-Tse Chang	
2012-11	研討會論文	Deciphering the endophytic microbiomes: study biodiversity of micorrhizal fungi in rhizomes of different Gastrodia spp.	En-Tse Chang and Ruey-Hua Lee	

2012-09	研討會論文	The putative pathways in thylakoid membrane degradation in plants.	Ruey-Hua Lee	
2010-11	研討會論文	Function study of alkaline α -galactosidase protein family in Arabidopsis.	Chen C.S. and Lee RH.	
2010-11	研討會論文	Isolation of genes involved in thylakoid membrane degradation by systematic approach	Hsiung Y.C., Buchanon-Wollaston V. and Lee RH. 2010.	
2010-11	研討會論文	Study molecular mechanism of thylakoid membrane degradation using multiple approaches.	Lee, R.H.	
2010-06	研討會論文	Mutation in alkaline α -galactosidase family genes affects plant growth and development in Arabidopsis.	Lee, R.H. Chen C.S., Hsiung Y.C., Huang H.J.
